MILES WAS DETAINED.

Did Not Receive Orders as Was Intended.

THIS MAKES HIM A DAY LATE

It Has Been Decided to Send a Warship With the Yale.

CUBANS ARE NOT SATISFIED.

They Want to Take Charge of Captured Towns and Run Them In Their Own Peculiar Manner, but General Shafter Objects to This.

Washington, July 20.—Because of a failure on the part of General Miles to receive the orders the president prepared late Monday, to take command of the military expedition against Porto Rico, that officer did not depart, as was expected, from Siboney.

The mistake was soon corrected Tuesday morning, however, and as a result of some short telegraphic correspondence that followed during the day it was gathered at the department that the Yale would start Tuesday night.

Contrary to the first intention, and probably without General Miles' seeking, the Yale is to be convoyed by a naval vessel that Admiral Sampson has been instructed to select from among the vessels of his fleet.

This may result in delaying General Miles' progress somewhat, as none of the vessels with Sampson is able to keep pace with the Yale. Nevertheless there is no doubt that the general will reach Porto Rico before the detachment of troops from Charleston.

War department officials feel that they are fully justified in their decision to retain practically all of Shafter's army at Santiago by the press reports that reached them indicating the growth of serious friction between the American forces and the Cuban troops growing out of the latter's exclusion from Santiago by General Shafter's orders.

It is felt now that the garrison originally proposed, two immune regiments, would have been quite insufficient to meet an outside Spanish force that might come from Holguin or Manzanillo and also restrain the rapacity of the Cubans.

It is realized that the present situation is full of difficulty and the future is dark owing to the disposition evidenced by the Cubans to ignore or refuse to be bound by the amenities of modern warfare.

This first symptom of friction has suggested to the officials innumerable difficulties that will arise in the future. Of course it would seem to be only politic now to avoid any open rupture with the Cubans provided they can be kept in leash and not involve the United States in the disgrace that would follow the sacking of helpless communities, but it begins to appear that for some time to come, and even after the conquest of Cuba is complete, the United States must maintain here a military government in order to meet the responsibility which it has assumed to the civilized world.

The personnel of the Porto Rican expeditions has been left in a large measure in the hands of General Brooke. It is not possible yet to give an accurate roster of the organizations that will enter into it.

The president announced privately that while no date of departure of the troops to be sent from Chickamauga to Porto Rico had been fixed he expected they would leave in about a week.

He is awaiting a detailed report from General Brooke recommending what troops and supplies should be sent from Chickamauga. The present plan is stated to be to embark them at Newport News or Norfolk and those at Tampa either there or at Key West.

Admiral Sampson has received final orders from the navy department as to the part the American fleet is to take in the campaign against Porto Rico.

They are based on the view that the campaign is essentially an army movement, the duties of the navy being to lend every support and assistance to the land operations.

The admiral is instructed to aid the army movements by dispatching convoys when required, and by covering the landing of troops. As there is no Spanish fleet in San Juan harbor or other Porto Rican ports, the navy has a limited field of operation.

The reduction of the harbor fortifications will be the main work, but this

and all other operations of the fleet will be supplementary to the main operations conducted by the army.

The strategists, military and naval, are agreed in the view that the taking of Porto Rico is primarily a military undertaking, and Admiral Sampson's orders are on these lines.

The navy department is rapidly moving the large fleet of auxiliary craft, made up of merchant ships, large ocean-going yachts, tugs, etc., from Atlantic coast points to Cuban waters, where they will be placed on blockade duty, thus releasing the larger ships for more active duty at Porto Rico and the coast of Spain.

Three of these smaller craft were sent south Tuesday, and most all of them will be on the way within a week, stopping only long enough at Norfolk to have their batteries strengthened.

When the war broke out a large number of these auxiliary craft were purchased. They have been distributed along the coast from Maine to Florida, at some 40 or more points, making an effective coast patrol.

There is felt to be no further need of this patrol, so that with the exception of a few important points the auxiliary craft will be withdrawn for service in Cuba. Captain Bartlett has the work in charge and is rapidly hurrying it to completion.

Bids will be opened in New York, in the presence of Colonel Hecker, chief of the transportation bureau of the war department, for the conveyance home to Spain of the Spanish army captured by Shafter.

Meanwhile, in advance of the opening, a bid has come to the department from one of the big foreign steamship lines proposing to carry 18,000 men from Santiago to Cadiz for the lump sum of £125,000.

Any increase or diminution in the number will be charged for in the same proportion. This bid is being held up subject to the formal opening.

SENT TO THE HILLS.

Camps of Soldiers Removed to More Healthy Places.

Santiago, Cuba, July 20.—Strenuous efforts to prevent the spread of infectious diseases among the American troops in front of Santiago de Cuba were made as soon as the city surrendered, and for the past 36 hours our soldiers have been sent as rapidly as possible to the hills north of the city, where camps have been established.

Everything possible is being done to improve the sanitary conditions of the camps, especially in the case of troops which are expected to take part in the expedition to Porto Rico. Of the regiments here only those which are not infected will be allowed to go to Porto Rico.

The physical condition of our troops is not considered serious now that the number of cases of fever is growing less all the time. General Wheeler's cavalry division is practically free from sickness and probably will be allowed to go to Porto Rico to take part in the campaign.

FLAG HAULED DOWN.

Final Notice Given the Spanish Commander at Caimanera.

Guantanamo, Cuba, July 20.—A launch from the Marblehead went up the bay to Vertcaya del Torro opposite Caimanera and gave formal notice to the Spanish commander of the surrender of General Toral's troops, together with the conditions of the capitulation of Santiago.

A limited time was fixed for hauling down the Spanish flag over Caimanera.

The American officer also gave notice that if the Spanish gunboat Sandoval was disabled in any way, or if any ammunition, public buildings or barracks at Caimanera or Guantanamo were destroyed, the Spaniards would not be treated as prisoners of war.

The flag was hauled down.

From Spanish sources it is learned that the total force in Guantanamo and Caimanera is about 5,000, of which number, however, only about 3,000 are fit for service, the others being disabled by sickness or wounded. Steps will be taken for a formal surrender soon.

CHANCE FOR DISPUTE.

Both the Army and Navy Claim Vessels at Santiago.

Santiago, Cuba, July 20.—The question has arisen between the army and navy officials as to the disposition to be made of the half dozen large Spanish merchant steamers which were in the harbor of Santiago at the time of the surrender.

Rear Admiral Sampson arrived in the city on the Vixen and claimed the steamers were prizes of the navy. He also was desirous of placing prize crews on board of them.

General Shafter, however, refused to recognize Admiral Sampson's claims. He declared the steamers with everything else in Santiago had surrendered to him. The question, apparently, is still undecided. But at any rate the

admiral returned to his flagship without having distributed prize crews among the merchantmen, and the latter are still in possession of the army.

An Opportunity For Negotiations.

Washington, July 20.—One of the ablest members of the diplomatic corps in Washington, the ambassador of a continental power, suggested that if Spain or the United States were desirous of inaugurating a peace movement, an easy and effective means of so doing was now at hand without recourse to any foreign intermediary. This, he pointed out, could be done through the American and Spanish generals at Santiago, who in recent days have been brought into close communication concerning the details of the surrender of Santiago. The incident has served to show that General Toral was in direct communication with Madrid, and his action was responsive to the wish of the Madrid government.

Will Go to Porto Rico.

Washington, July 20.—The following regiments, comprising Haines' brigade, have been ordered to Newport News, whence they will embark for Porto Rico: Third Illinois, Fourth Pennsylvania and Fourth Ohio, comprising from 3,800 to 4,000 men. In addition four batteries of artillery, making 700 men and 1,000 horses, a hospital corps of 200, and a signal corps of 200 men have been ordered to Newport News. It has not been definitely decided and will not be until General Brooke has been heard from which regiments from the First and Second divisions of his corps shall go to Porto Rico.

Half a Hundred Soldiers Poisoned.

Washington, July 20.—Fifty-two men, members of company A, Twenty-second Kansas volunteers, Colonel Lindsey commanding, who are stationed at Camp Alger, were taken suddenly ill shortly after breakfast Tuesday. Their symptoms pointed to poisoning and an investigation proved that each had partaken of hash which had been cooked in a copper vessel in which it had remained over night. The hospital corps declared it to be ptomaine poisoning. Antidotes were administered and 27 of the men recovered at once and were able to resume their position in rank. It is reported that all the others are doing nicely and that none are seriously poisoned.

Garrison Will Surrender.

Washington, July 20.—General Shafter in dispatch to the war department says he will send officers and men to receive the surrender of garrisons in the interior amounting to about 2,000 Spanish soldiers. He will also send forces to receive the surrender of Guantanamo, Bociboa, Sagua and Pascinaria. Ten thousand stands of arms, he says, were taken at Santiago.

No Fear From Germany.

Washington, July 20.—The navy department has received no dispatches from Dewey relating to press reports concerning our relations with Germany, but officials feel much less concern over Germany's attitude and there is good reason to believe direct assurances have been received from Germany that she would offer no obstacles to the execution of our plans.

Germans Are Reticent.

Berlin, July 20.—All official information as to the incident in which the German cruiser Irene figures at Subig Bay, Philippine islands, is refused here. The German officials will only admit that differences of opinion between Admiral Dewey and Admiral Von Dierichs as to the right of searching warships have occurred, and the German add, Admiral Von Dierichs refused to allow German warships to be searched.

Camp Will Be Removed.

Tampa, Fla., July 20.—The troops left behind here after the departure of the regiments to be ordered to Porto Rico will be moved to Fernandina. The camp here was pitched on low ground and a number of the men having contracted malarial fever, it was decided best to move the camp away from here.

Spanish Steamer Burned.

Key West, Fla., July 20.—It was definitely established that the Spanish steamer Santo Domingo, of 5,500 tons, was fired upon and run ashore at Cape Francis by the auxiliary gunboat Eagle, on July 12. She was set on fire and burned.

Unit For Military Service.

Washington, July 20.—Information has reached the war department that, notwithstanding the medical examination prior to muster in, men have been enlisted in the volunteer army who should have been rejected as unfit for military service.

They Have Been Fooled.

Santiago de Cuba, July 20.—It develops that the Spanish soldiers who surrendered have been told and believe that Uncle Sam has purchased Cuba.

PLENTY OF FOOD.

Wild Reindeer Killed For the Crews of the Whaling Vessels.

San Francisco, July 20.—The crews of the whaling vessels at Point Barrow, to whose relief an expedition was sent on the revenue cutter Bear, are in good condition, and at no time were they in danger of famine.

Lieutenants Jarvis and Bertholf and Dr. Call of the Bear reached Point Barrow by dog teams, and W. T. Lopp, a schoolteacher at Cape Prince of Wales, drove a herd of 400 reindeer a distance of 550 miles to Point Barrow. Mr. Lopp reached Point Barrow March 30, and found that the imprisoned whalers had plenty of provisions.

The whalers undoubtedly owe their lives to the efforts of Charles Brower, agent at Point Barrow of the Liebes Trading company, who sent natives out to shoot wild reindeer. The natives killed 700 deer and food was plentiful all winter.

Fears For Kennebec.

San Francisco, July 20.—Grave fears are entered for the safety of the American bark Kennebec, which is out 188 days from Baltimore with a cargo of coal for this port. The ship Aryan, which left Baltimore about the same time as the Kennebec, made the trip in 121 days. The Kennebec is an old craft and well known on this coast. She was wrecked at San Pedro in 1887 and was bought by W. Boole.

Miners Refused to Go to Work.

Pana, Ills., July 20.—An attempt to resume operations at the Penwell coal mine failed. A force of armed deputies and police were on hand, but the plan of conveying the miners in carriages to work was abandoned by the operators, for the reason that no miner could be induced to return, almost all the nonunion miners having joined the union.

Treacherous as a Spaniard.

Oakland, Cal., July 20.—The works of the Western Fuse and Explosive company were blown up by a murderous Chinaman at 5:20 Tuesday morning. Five deputy sheriffs and constables who were trying to arrest the murderer were killed. The Chinaman had fortified himself in the magazine but agreed to surrender, and just as the officers entered he caused the explosion and was himself blown to atoms.

Powder House Demolished.

Hannibal, Mo., July 20.—The separating house at the Hercules powder works, located 12 miles below this city, on the St. Louis, Keokuk and Northwestern railroad, has been blown up as the result of the air becoming heated. Two employees were in the building, but they had warning and escaped before the explosion occurred. The building was totally demolished.

Attacked by Highwaymen.

Quincy, O., July 20.—Charles Valentine, while riding through the country was attacked by highwaymen. When found by passersby he was insensible and lying in a pool of blood. After gaining consciousness the young man could remember nothing of his experience and it is feared his terrible beating will cause his death.

Frightfully Mashed.

Bellefontaine, O., July 20.—Mr. Walter Kerns, who operates a threshing outfit, was in the act of backing the engine up to the separator when the machine got out of his control and became unmanageable. The engine crashed into the separator, catching Mr. Kerns between the machines. He was frightfully mashed.

Switzerland Makes Complaint.

Berne, Switzerland, July 20.—The federal council has entered a protest against the advantages given by France in the reciprocity treaty with the United States and has demanded, under the most favored nation clause, that the same advantages be accorded to Swiss goods.

Child Drowned In a Spring.

Alliance, O., July 20.—The 2-year-old child of James Newhouse, while playing near a spring accidentally fell in and when discovered by its parents was dead.

Treasury Statement.

Washington, July 20.—The statement of the condition of the treasury shows: Available cash balance, \$253,628,140; gold reserve, \$185,045,484.

Girl Fatally Burned.

Bradford Junction, O., July 20.—Lena Shellabarger, 13, was fatally burned. Her clothing ignited at a gasoline stove.

Paid Out In Pensions.

Columbus, O., July 20.—The local pension office disbursed \$2,665,341.93 during the quarter ending June 30.

Chicago, July 20.—Professor E. Benjamin Andrews, president of Brown University, in a telegram to President Harris of the board of education, formally accepted the position of superintendent of Chicago public schools.

HOPING AGAINST HOPE.

Spain Expects Germany or France to Help Her.

SAGASTA LOOKS TO FRANCE.

Duke Almodovar de Rio Rather Favors "Crazy Bill."

THE DONS HAVE IT FIGURED OUT.

They Expect to Retain the Philippines Through German Treachery, and Avoid Paying a War Indemnity to United States.

Madrid, July 20.—Senor Sagasta prefers to solicit the assistance of France, but Duke Almodovar de Rio favors using Germany as the trump card to terminate the war by seeking her action against America in the Philippines. Spain naturally wishes to utilize the rivalry between France and Germany to further Spanish interests by retaining the Philippines and avoiding the payment of a war indemnity.

NO INTERVENTION.

The Alleged Powers of Europe Will Be a Little Careful.

Vienna, July 20.—It is taken for granted that America will punctiliously observe the obligation of international law in bombarding Spain. There will, therefore, be no legal ground for European protests, and intervention without legal justification is practically excluded by the certainty that Great Britain will support the United States, while the powers are not likely to risk hastening the conclusion of an Anglo-American alliance by any attempt to hinder or coerce the United States.

Disappointment with the policy of a Spanish government is growing here and it is beginning to be believed that Spain can be convinced of the absolute necessity of suing for peace only by fresh disasters. A great surprise was occasioned here by the news that the odds at Santiago were largely on the side of the Spaniards.

In Any Event, Spain Is Amusing.

Madrid, July 20.—El Imparcial learns from several members of the cabinet that in

Electric Park.
Packed, jammed, crowded, pleased, delighted, are five expressions well suited to Electric Park last night, and there is no need of a diagram to portray the meaning of those five words. If you are in doubt, jump on a car, pay 10 cents and go out to this popular amusement place and see what those five words mean. No balloon ascension or any other kind of "ballyhoo" is necessary to attract people to this place of amusement this week, as the show is strong enough to stand on its own foundation; in other words it speaks for itself and the people do the rest, for last night it is safe to say a better pleased audience never left an amusement place. The Eldons in their "Courtship in a Chinese Laundry" are making a big hit, while their closing act, "Shadowgraphs," elicits much applause, especially at the "Battle of Manila." Parkinson and Roth are extremely clever in their act, "A Crazy Pair." Little Rastus sings coon songs as only he can. Go out to-night and spend a really enjoyable evening. Ten cents pays your round-trip car fare and gives you a ticket to the best vaudeville show ever presented in Maysville.

Sizing Up Judge Pugh.

[Carlisle Mercury.]

The BULLETIN and Ledger think Congressman Pugh made a mistake in contesting for Mason County's vote last Saturday against W. H. Cox of that county. We have not heard from Mr. Pugh, but we are willing to bet that he thinks it was impudence in Mr. Cox to ask for a seat in Congress as long as S. H. P. wants it.

CONCRETE CROSSINGS.

It Has Been Demonstrated That They Cost Less and Last Longer Than Stone.

[Danville Advocate.]

The Danville Street Committee, in its endeavors to find a crossing that would last, concluded to try concrete, or "art stone," a composition similar to that which has been used in some of the sidewalks of the city.

Five of these crossings have been put in and are now drying out ready for use. Ever since their construction began they have excited considerable discussion among the people generally, especially among those impressed with the belief that nothing could be made harder than limestone. A great many people hold this belief, even in the face of the fact that brick walks outlast stone ones.

Many persons predicted that the concrete crossings wouldn't last, and the majority of them jumped to the conclusion that they were much more expensive than the rock crossings. This idea is incorrect. The old rock crossing running from Kinnaird & McGoodwin's to the opposite side of Main street was laid at an expense of \$132. The concrete crossing substituted for it cost \$55, a difference of \$77 in favor of the concrete. The concrete, too, is four feet wide, smooth, and an ornament to the street. The rock crossings, when well set, lasted from five to seven years, but would get in pretty bad repair after five years. If not properly put in, they were very expensive.

Now as to the durability of the concrete. Mr. Welsh, one of the oldest members of the City Council, who has had much experience with street improvements, heard last spring that concrete crossings had been tried in Paris with splendid satisfaction, and he stopped off there for four hours to personally investigate the matter.

Mr. Will Yerkes was then Mayor of Paris and he took considerable pains to inform Mr. Welsh. He said the concrete crossings then in use in Paris had been down for seven years, and they then showed no signs of wear. This being the case, there is good reason to believe that the concrete not only costs fully one-half—in some cases two-thirds, less than the rock, but will last two or three times as long.

The concrete has been tried in many cities in other States, and wherever properly put down has given satisfaction.

CAMP CORBIN NEWS.

Mr. Elmer H. Rudy Tells of Soldier Life. Boys of Fourth Soon Be Ready For Business.

In a letter to one of his friends in this city, Mr. Elmer H. Rudy, a member of Company B, Fourth Regiment, says:

Our Colonel thinks we will leave for Puerto Rico on or about the 28th, but I hardly think we will be ready to leave so soon, although we are drilling double time at present and have very little time to idle away. For myself I like the soldier's life and am well satisfied with the grub. Our officers are as good as and clever fellows as you will find any place. We are watched very close and can't go out except when we drill, the reason being that before all were mustered in there were a good many deserters, but I think we are better off by them leaving us. Our band gave us a concert last evening, and we all had a fine time. There was quite a crowd out from Lexington.

The good old pie, cake, chicken, &c., that our Maysville friends brought to us when they came out Sunday week, made every heart feel lighter and happier to think how much we were thought of by our home people, and the good things we enjoyed immensely.

"The flag fund is talked of and complimented by all. When I get the BULLETIN lots of the boys rush over, and want to see who "blowed themselves" for a quarter. We are making preparations for a large crowd out Sunday, and we will be at the depot to meet our friends from Maysville.

"Joe Evans, Polk Hicks and William Gunn all reported at roll call promptly. Billy came in this morning. I could say or write much more to you in regard to our camp life, but will tell you more when I can grasp the hand of my friends at Maysville. Best regards to all my friends."

Ben T. Cox, writing home, wishes to correct, on behalf of Mr. James Owens, the impression that he (Owens) is teamster for Company B in which he is enlisted. Mr. Owens is a brave and splendid private, capable of hard work, long marches and chivalric acts. We gladly make the correction. The statement was taken from one of the Lexington papers.

How To Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and give a good complexion. Every bottle guaranteed. Sold at J. W. Wood & Son's drug store. Fifty cents per bottle.

—Mr. P. P. Parker returned Tuesday from Escalapia. He reported thirty-five guests at that place now.

20 Per Cent. Discount on Dress Goods.

For the next week we will offer thrifty purchasers a rare chance in Dress Goods buying. All of our great stock of Henriettas, Serges, Coverts, Poplins and Cheviots in black and colors, and all novelty goods subject to a discount of 20 per cent. If you buy now it means a clean saving of 45 per cent. Extra duty on wool, war taxes, etc., mean an advance of 25 per cent. on woolen goods next fall. Besides our Dress Goods prices are always under others. This is a great opportunity for the prudent buyer. It's entirely our loss and your gain. But we want the shelf room and no mid-summer dullness.

Some More Ribbon Bargains.

These are a few odds and ends in fancy stripes and checks. Everyone of 'em sash widths and of best grade silk. The 89c. kind is now 59c. a yard. The 59c. kind of regular 75c. value we've reduced to 30c. a yard.

The Shirt Waist Sale.

The past week's Shirt Waist business is proof evident that you appreciate a really good bargain. We'll continue the sale for another week. The \$2 White Pique and Lawn Waists are now \$1.59. All of our former \$1.25 Waists are now 79c. and a regular 75c. Waist reduced to 39c. But they are selling rapidly. You'd better come soon before best are picked over.

ROSENAU BROS.,

PROPRIETORS OF THE BEE HIVE,

KINGS OF LOW PRICES.

ONCE LIVED AT WASHINGTON,

Mrs. Susan Latimer Now the Next Oldest Resident of Delaware, Ohio.

[Correspondence Commercial Tribune.]

DELAWARE, O., April 22nd. Susan Latimer, aged ninety-seven, is the next aged resident of this county. Before marriage she was Susan Stith, of Washington, Ky., and her parents came from Virginia. It was just a half century ago when Mrs. Latimer came to Delaware. She was considered one of the most beautiful women in the State, and yet bears the evidences that she has been one of nature's most gifted favorites. Her husband was a wealthy dry goods merchant here, but died years ago.

Mrs. Latimer in religion is a Presbyterian, and walked from her home to the services up to two years ago. Her faculties serve her faithfully yet, and she is without a pain or an ache from disease. She has her third set of natural teeth. They are pearly white and perfectly sound. She eats heartily and sleeps soundly.

Mrs. Latimer is the oldest woman voter in this section of Ohio, having voted the Republican ticket for Member of School Board. She is quite wealthy. She has spent a life of profit to herself, and has been liberal with her possessions to church and society. She is a most remarkable Christian lady.

The flag purchased by the people of the city and county for Company B will be presented to the boys next Sunday. The L. and N. will run a special train from Maysville at the low rate of \$1 for round trip and a big crowd will go out. The L. and N. has offered free transportation for the Maysville band, and arrangements will no doubt be made to take it along. Judge Newell, Judge Wadsworth and Mayor Stalleup will likely officiate at the presentation ceremonies.

Flag Presentation.

Special train for Lexington will leave L. and N. depot at 8 a. m. Sunday, July 24th. Returning will leave Lexington at 6 p. m. Round trip fare only \$1. Tickets good for special train only.

ED. ALEXANDER pays \$10,000 with \$50 per week for street car accidents, which costs only \$25 per year. Twenty people are hurt where one house burns.

ED. PARISH, who shot W. B. Crenshaw three weeks ago, at Cynthiana, was released on \$500 bond for his appearance at the November term of Criminal Court.

THE Helena and Lewisburg precincts were visited by a cloud-burst Monday afternoon. Fences, bridges and crops were damaged and some live stock drowned.

CINCINNATI and return only \$1.25 Sunday, July 24th, via C. and O. Train will leave Maysville at 8:50 a. m. Returning will leave Fourth street depot, Cincinnati, at 7 o'clock.

PARIS has been overrun with tramps and beggars for several days, says the News. A family who was given a pass to neighboring city, returned the pass, saying they would rather walk and beg.

MONDAY afternoon a heavy rainstorm swept up Eagle Creek over Brown County, the downpour lasting fully an hour. The creek was wild and numerous side bridges were washed away. Among the flotsam and jetsam washed into the Ohio were parts of a residence.

MR. BURNS TRIGG, of the Mt. Olivet bus, was driving west on Second street Tuesday afternoon when his horses shied at an electric car in front of Nelson's hat store. The sudden turn or pull caused Mr. Trigg to lose his balance, and he fell to the ground, breaking one of his arms. Mr. Tom Anderson is driving for him, temporarily.

PUGH THE NOMINEE.

Had Things All His Own Way at the Greenup Convention Tuesday.

Judge Pugh is again the nominee of the Republicans of this district for Congress.

He had things all his own way at the convention in Greenup Tuesday. Dr. J. P. Huff was Chairman and T. A. Fields, Secretary. Pugh was nominated unanimously.

W. W. Gault, a Mason delegate, made a short speech, asking all Republicans to support the nominee.

A special C. and O. train brought the delegates home last night, reaching Maysville about 10 o'clock.

FIRE INSURANCE.—Pickett & Respass, successors to Duley & Baldwin.

A Continuation of Our \$7.65 Suit Sale.

We will continue to sell \$10, \$12 and \$15 Suits for \$7.65 during this entire month. There are two reasons for this. One is that we find we have many more good Suits to put in this sale than we thought we had. The other reason is that our many country patrons are in the midst of the heaviest work of the year and did not yet have an opportunity to avail themselves of these splendid bargains, hence the sale continues during the month.

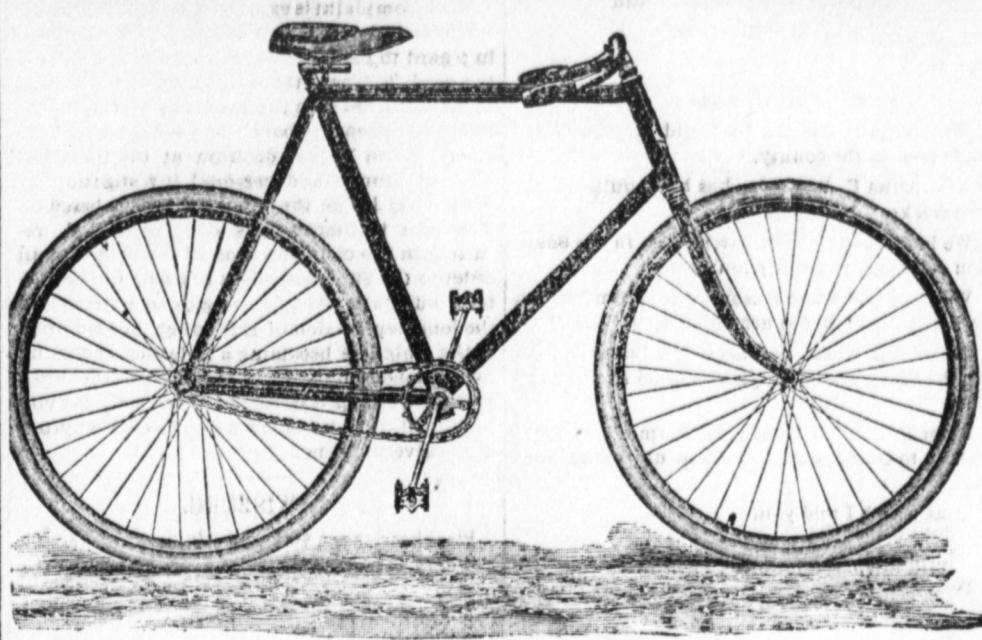

Don't Miss the Opportunity

of buying for \$7.65 a Suit of Clothes that would cost you from \$12 to \$15 elsewhere, and at these prices you would not pay too much for them. They are worth it. Respectfully,

Hechingen & Co.

Y. M. C. A.

Ever Ready to Aid in the Uplifting of Our Young Men.

The Young Men's Christian Association must not be forgotten in the current stress of events which engage our people.

This splendid institution is the pride and glory of every man and boy, of mother and sister. When it comes to practical religion behold how quickly it grasped the opportunity of saving men's souls, for war was no sooner declared than Y. M. C. A. tents were in the midst of the camps dispensing that practical religion and giving that aid which is a fulfilling of the Christ's mission of doing.

Last Sunday in the parlors of the local organization a most delightful service was held.

Mr. Dimmitt C. Hutchins gave a fine talk which is best calculated to assist young men to a better life. The side features—music, singing and refreshments—were to revivify the mind and raise the whole to a soul appreciation delightful to experience. Miss Blatterman and Miss Rogers, on piano and violin, gave a duet simply divine in melody.

The singing and entire service was short and inspiring, such as are best, wisest and good. Come out Sunday and enjoy a brief season of real joy.

A. H. LAMB, Secretary.

SHANNON.

Billy Mingua has the best field of tobacco we have seen in the county.

Mrs. Anna E. Bell, who has been quite ill for two weeks, is convalescing.

We had recently three interments in the Shannon cemetery in twenty-four hours.

We have had a fine season in this community, and corn and tobacco are doing well.

Threshing wheat has been the business here for the last week. The yield is good and quality fine.

Elder Bullock is visiting at Germantown, and will go to Orangeburg to remain until after next Sunday.

That which I told you,

See now is true,

As to what we could do,

With our boys in blue.

Poor old Spain,

She is in a narrow lane;

She tries to fight,

But she will win,

She had better take her soldiers home,

And never allow them again to roam;

For to go to war they are not fit,

They can not fight a little bit.

HELENA STATION.

Harry Offutt, of Georgetown, is visiting W. W. Robb.

Mrs. Ed. Geisel, of Maysville, is visiting Mrs. Chas. Parry.

The balloon ascension with its grand pyrotechnic display by Prof. Thompson, the daring aeronaut and adventurer, is nightly observed from this neighborhood with wondrous awe.

Mrs. Robert H. Williams was taken quite seriously ill the past week with neuralgia and heart trouble. In the absence of the family physician, Dr. Shackleford was called in to relieve her suffering.

About 1 o'clock Sunday a large pear tree, a distance of about fifty feet from the two-story residence of Mr. Richard Chandler Williams, was struck by lightning, the bolt peeling the bark from the tree which was heavily laden with the luscious fruit, and which had stood the test of storms for fifty years perhaps. The family and guests were scattered through the different apartments of the house, Arthur Tolle and

Charley Williams being in the upper story while others had lingered in the dining room in pleasant conversation with the hostess. None were shocked, though the heat from the bolt was distinctly felt.

Much complaint is expressed against the Superintendent of the Kennedy's Creek county road in regard to his failure and long delay of placing the road in a safe traveling condition. It will be remembered that the road was placed in the hands of the court about one year ago which resulted in an unjust decision at the time, but after a thorough and personal investigation by the County Judge the former decision based on fallacious testimony was countermanded, resulting in the condemnation of the road, and an order to the Superintendent to await further action, but patience is ceasing to be a virtue and the long deprivation of this much needed road to the public is becoming a nuisance and many expressions of impatience are heard at the tardiness of court proceedings. We are all heavily burdened with taxes for good roads. Why not all receive the benefit?

LEWISBURG.

Blackberries are very plentiful.

The hard rain Monday did great damage to the crops.

Mrs. Weedon is visiting the family of Hon. J. E. Cahill.

Miss Mabel Berry, of Maysville, is the guest of the Misses Carpenter.

The Misses Lindsay have been visiting the Misses Cook, of Wedonia.

Mrs. E. L. Marshall is visiting her sister, Mrs. Basil Berry, near Mayslick.

Miss Minnie Berry is visiting the family of Prof. W. T. Berry, of Maysville.

Mrs. J. H. Hoobler has returned from a visit to her husband who has a position in Cincinnati.

Rev. M. B. Adams and wife, of Frankfort, are the guests of her parents, Mr. and Mrs. A. K. Marshall.

Quite a crowd of our young folks attended the hop at Blue Licks Saturday night. Those attending were: Misses Lottie Lee, Mattie and Eliza Strode, Mayme Downing, Carolyn Long, Nannie Metcalf, Bettie and Annie Carpenter, Marie Strode, Mrs. W. P. Lindsay, Mrs. C. G. Lee, and Messrs. C. Lee, C. G. Lee, J. C., J. P., R. F. and R. M. Gaither, P. T. Calvert, Basil Strode, Mad Lindsay, Gaar Strode, Mad Lindsay, W. E. Clift, Jim Owens and Richard Wheatley.

THE LATE WILLIAM SCHICKNER.

A Friend Pays a Tribute of Respect to the Deceased.

"Leaves have their time to fall; and flowers to wither at the north wind's breath; and stars to set; but all—thou hast all seasons for thine own, oh, Death."

William J. Schickner was born at Wurttemberg, Germany, April 13, 1830; died July 11, 1898, aged sixty-eight years, two months, twenty-seven days. He was united in marriage in 1851 to Miss Mary Skinner, a Fleming County lady, who survives him. To this union were born eleven children, and a notable thing, all are living.

The deceased emigrated to this country at the age of fourteen years and had ever since been an honorable resident of great respectability of Brown County, Ohio. The circumstances attending his death were sad indeed. He had gone out to plow in the field and his faithful companion, seeing the horses with plow attached standing at a distance from where he was plowing, sent the granddaughter whom he had raised from an infant to learn the condition of affairs. And there in the furrow laid grandpa dead. What a sympathetic scene when mother, daughters and grandchildren gathered around the lifeless form.

The thought of Mrs. Brown's poem, "Not a tear over him must fall; he giveth his beloved sleep;" but it was father, dear father; could they help but shed a tear? He had been in as good health as usual on the fatal morning, heretofore at times showing symptoms of heart trouble, but no alarming ones. Although he had accumulated a competency in life, such that he need not work, he could not rid himself of the industry that Germans are noted for. Mr. Schickner was a great Bible reader as his arguments even in his dotage plainly showed. He was witty and often his replies to his antagonist brought forth great applause from those who waited for his ready answer. He was a liberal supporter of the church and a charitable man. He was a member of the Lutheran church at Maysville. To see colored hired hands among the higher class at his funeral was to know he made no difference between rich and poor.
